Heavy Duty-Easy Effort Replacement Clutch Assemblies

- Latest Production Design Using Coil Spring Technology
- Three Assist Springs Serve To Lower Bearing Load, Lowering Pedal Effort
- Adjustment Is Through The Reliable "Spring A-Just" System.

Clutch Alignment Tools

HELP ELIMINATE IMPROPER CLUTCH ALIGNMENT:

- Newstar clutch alignment tools allow disc splines to be easily aligned to the pilot bearing
- The shape of the clutch alignment tools follow the profile of the actual input shaft
- Due to a specially molded plastic material, clutch alignment tools can be used over & over again.

S&S WARRANTY

All Replacement Kenworth Components covered in this catalog are warranted for one (1) year / 100,000 miles from installation, or 18 months after purchase from S&S Truck Parts, Inc., whichever comes first. We warrant all new parts against defective material or workmanship when such parts are used in appropriate applications. We will NOT extend this warranty to parts where failure or damage was caused by misapplication, accident, or abuse.

Unless otherwise stated, authorization from your salesperson is required to initiate any return for warranty. If our examination shows the parts to be defective, we will replace such parts free of charge. This warranty extends solely to replacement of defective parts; we disclaim liability for labor and/or special or consequential damages of any nature.

If it is necessary to return any parts under this warranty, the buyer agrees to wait for settlement of his claim before any deductions are made in payment to S&S. Any expenses incurred w/out the consent of S&S will be disallowed.
