THE POWER TO SURPRISE.

KIA Motors Corporation (www.kia.com) - a maker of quality vehicles for the young-at-heart - was founded in 1944 and is South Korea's oldest manufacturer of motor vehicles. Over 2.5 million KIA vehicles a year are produced in 15 manufacturing and assembly operations in ten countries, which are then sold and serviced through a network of distributors and dealers covering 172 countries. Currently KIA has over 47 000 employees worldwide and annual revenues of US\$39 billion. It is the major sponsor of the Australian Open and an official automotive partner of FIFA - the governing body of the FIFA World Cup™. KIA Motors Corporation's brand slogan - "The Power to Surprise" - represents the company's global commitment to surpassing customer expectations through continuous automotive innovation.

FRONT OPEN PANEL

Allows you to easily check fluid levels and refill when necessary.

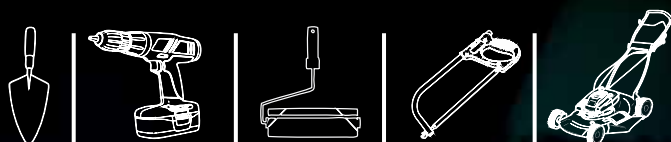

TRANSMISSIONS

The K2700 features a 5-speed manual transmission while the K2500 features a 6-speed manual transmission. Both these transmissions offer improved fuel efficiency and durability as well as smoother gear shifts and NVH performance, resulting in an enhanced ride and overall driving comfort.

POWER WITHOUT SHORTAGES.

People rely on you. The K2-series feels the same way. Making sure it never lets you down was the first thought in the minds of the KIA engineers. The K2700 has the perfect workhorse engine - a 2.7 litre, 4-cylinder, J2 diesel power plant that delivers 62 kW of power at 4150 rpm and 165 Nm of torque at 2400 rpm. The K2500's 4-cylinder DOHC 16-valve turbo engine is even more powerful and delivers 96 kW of power at 3800 rpm and 255 Nm of torque between 1500-3500 rpm.

**K2-SERIES
WORKHORSE**

MAKE YOURSELF COMFORTABLE, YOUR K2-SERIES ALREADY IS.

A man needs room to work, and that's true even before you get to work. No matter how big the job, the new K2700 and K2500 both have a spacious cabin that will never feel small. The seats are designed to provide maximum comfort and support for people of all shapes and sizes. More than that, we've also aimed to minimise driver fatigue by using extra thick cushions in the seat back and bottom of the driver's seat. Additional comfort is provided by the full cloth seats and 3-step headrests. The ergonomic design of the crash pad and controls, the clear and informative LED gauge cluster, and intuitive layout of the centre console means that the hard work only starts when you leave the cabin.

GLOVE BOX

Offers convenient storage solutions for small items while providing up to 11 litres of total space.

MULTIFUNCTIONAL CENTRE CONSOLE

For the organisation of small miscellaneous items. The front centre seatback folds down to reveal a multifunctional console for practical storage, in addition to a storage space within the centre console.

CLOTH SEATS

Comfortable cloth-covered seats are practical and durable.

**K2-SERIES
WORKHORSE**

IF YOU DON'T LIKE IT TOUGH, TOUGH.

CARGO SPACE

The K2700 has a 2 810 mm long deck and 1 630 mm wide bed, giving you abundant loading capacity. The railed truck bed has a low height of only 733 mm for easier access when loading and unloading.

REAR LICENSE PLATE HOLDER & STEP

Provides a convenient way to extend your reach when loading or unloading items.

EASILY OPERATED CATCHER

Has a better grip thanks to its ergonomic handle and an inner spring to ensure smooth movement.

COVERED REAR GATE CHAIN

Hard work isn't a one-day affair. That's why we have a wraparound cover to protect the chain from corrosion and maintain lifelong use.

FOLDING-TYPE STOPPER

Safely props up longer items that extend beyond the bed.

K2700 TIPPER

The K2700 Tipper is the standard workhorse with a reinforced load bed. Whatever your load, at some point it needs to be offloaded. The Tipper makes it easy to transport construction materials like sand, soil and stones, and then put them exactly where you want to.

WORKHORSE**

SPECIFICATIONS	K2500	K2700
ENGINE		
Type	In-line 4 cyl. DOHC 16 valve turbo charged diesel	In-line 4 cyl. 8 valve naturally aspirated diesel
Displacement (cc)	2 497	2 665
Turbo charger Inter-Cooler	X	-
Fuel supply system	Commonrail Diesel	Bosch type injection pump
Max power (kW/rpm)	96 / 3 800	62 / 4 000
Max torque (Nm/rpm)	255 / 1 500 – 3 500	165 / 2 400
Compression ratio	16.4:1	21.5:1
Bore x stroke (mm)	91 x 96	94.5 x 95
Fuel type	Diesel (10 ppm / 50 ppm or 500 ppm)	Diesel (10 ppm / 50 ppm or 500 ppm)
TRANSMISSION		
Transmission – Manual	6-Spd	5-Spd
PERFORMANCE		
Maximum speed (km/h)	142	120
CO ² emissions (g/km) – Combined	249	288
DIMENSIONS		
Overall length x width x height (mm)	4 825 x 1 740 x 1 995	4 825 x 1 740 x 1 975
Wheelbase (mm)	2 415	2 415
Wheel tread (front/rear) (mm)	1 490 / 1 460	1 490 / 1 340
Overhang (front/rear) (mm)	1 205 / 1 205	1 205 / 1 205
Minimum ground clearance (mm)	200	203 Single Wheel / 145 Double Wheel
CAPACITIES		
Curb weight (min-max kg)	1 670 / 1 715	1 555
Gross Vehicle Mass (GVM) (kg)	2 980	2 850
Tow mass (kg) – trailer with/without brakes	1 400 / 700	1 180 / 700
Loading capacity (kg)	1 000	1 300
Cargo deck length x width x height (mm)	2 810 x 1 630 x 355	2 810 x 1 630 x 355
