Black Pearl Burl Woodgrain Dash Panels

SURROUNDED BY **ELEGANCE & CLASS**

The interior of the 389X is as bold as the exterior. The dash panels feature a new Black Pearl burl woodgrain with chrome bezels. Special black-finish trim accents can be found throughout the cab and sleeper. Additional special features include bright chrome grab handles, a 389X emblem on the shifter plate, embroidered 389X badging on the headrests and badging on the sleeper backwall. Each 389X includes a serialized, chrome dash plate with the production number of each the truck to commemorate each special edition truck. The 389X is available in a day cab as well as a 72" or 78" sleeper configuration.
