Infomax Kit

Save Up To 10% On Your Fuel Consumption*

The Renault Trucks Infomax kit is a unique product, enabling you to accurately monitor fuel consumption and usage, pre-plan vehicle maintenance, improve driving style and ultimately make your business more profitable and competitive.

- The kit consists of an Infomax CD, licence number, user guide, communication box and all necessary OBD and USB cables to connect a computer to your Renault commercial vehicle
- This version of Infomax is compatible with Euro 2, Euro 3, Euro 4 and Euro 5 Renault vehicles over 7.5 tonnes
- Updates can be downloaded from a dedicated website

Contact your nearest Renault Trucks dealer to find out more about this product and to learn how Renault Trucks Infomax could help reduce your costs today.

*Findings based on tests with 1000 vehicles.

Reversing Camera

Take responsibility as a driver or operator to reverse safely!

The Renault Trucks reversing camera system enhances safety by giving drivers a perfectly clear field of vision behind the vehicle.

The BV-750 colour flat screen offers unbeatable value.

The neat and attractive 5" TFT LCD colour monitor is the ideal size for all vehicle applications, even when cab space is limited, and comes with a universal mounting bracket for quick and easy installation. Each kit encompasses the camera, screen, cabling (20m), control unit (and coil & sockets in the Artic Kit).

Application

- Reversing camera system with 5" TFT colour screen (rigids)
- Reversing camera system with 5" TFT colour screen (artics)

Renault Mascott Parts

At Renault Trucks, we constantly monitor our prices to ensure we remain competitive, and our Renault Mascott and Master van parts are no exception. With more than 65 network service points around the UK, Renault Trucks can also offer all the benefits you would expect from us for your vehicle:

- **EXTENDED OPENING HOURS** compared with traditional car dealerships (many sites open 24 hours a day)
- **COMMERCIAL VEHICLE LABOUR RATES**, which are typically much lower than those of a car dealership

Wiper Blades

Providing excellent visibility, even in the very worst weather conditions, Renault Trucks Approved Wiper Blades are specifically designed to:

- Adapt perfectly to the shape of the windscreen
- Give you excellent visibility all year round
- Adapt to temperature changes and exposure to the sun

Renault Trucks Approved Wiper Blades also feature a unique 'wear indicator' which degrades at the same rate as the blade. This exclusive tab, which is attached to the metal wiper arm, allows you to see when it's time to change the wiper blades.

**SUPERIOR
PERFORMANCE
FROM £99.00**

Batteries

Our batteries feature alloy lead-cadmium-tin grinds, double cases and glass wool separators to enhance performance and shelf life.

Inferior batteries can often cause the following problems:

- Reduced shelf-life due to vibrations caused by inferior quality resin
- Poor repeat start performance due to thinner plates
- Poor cold-start performance

All prices are excluding VAT and correct at time of printing.
